Day 3 – Ubud

Date: 22 SEP 2019

Meal Plan (B/-/D)

Start the day with a guided walking tour (about 2.5 hours). Gain an insight into daily village life as you pass lush rice fields, an alang valley (type of wild grass used to make the roof of traditional buildings) and stop by a traditional Balinese home for coffee. The tour ends in central Ubud, afterwards you will be transferred to the starting point of white-water rafting.

A two-hour, visually spectacular rafting trip down the Ayung River. This adventure for guests of all ages is a mix of wild excitement, breath-taking views and well-guided, informative, sightseeing.

As you carve through some of Bali's most appealing landscape, the Ayung River provides a thrill that begins the moment you push off from the riverbanks. As you switch between Class II and III rapids, you will wind through deep valleys with cascading waterfalls and towering cliffs of prehistoric significance.

On the more leisurely stretches through tropical forests you will see Hindu shrines that are brightly decorated on ceremonial days of prayer. Early lunch provided after the rafting finished. Continue drive back to centre Ubud. You will sit down to a traditional Kecak dance performance. Driven not by musical instruments, but by human chanting, this fascinating theatrical performance is considered a highlight by many travellers.

- Ubud – Guided Walk
- Ubud – Ayung River Rafting
- Ubud – Kecak Dance

Day 4 – Sidemen

Date: 23 SEP 2019

Meal Plan (B/L/-)

Today you'll explore the area from a different angle – from the saddle of a bike. Enjoy a 2.5-hour tour through backstreets, quaint villages and rice fields, waving to the locals as you go. It's a relatively easy ride – much of the route is downhill – and there will be plenty of opportunities to stop for photos or a brief rest. You'll also stop to check out some small, intricately carved temples, before concluding your bike tour back in Ubud. After refuelling at lunch at local restaurant, head for the hills to the village of Sidemen, travelling by private minivan (about 2

hours). Set against a backdrop of Bali's highest peak, Mt Agung, the peaceful village of Sidemen is proof that Bali still has some pockets that are untouched by tourism. Keep in mind, it's a little cooler up here, thanks to the elevation. You may want to pack a sweater.

- Ubud - Bike tour from Bayung Gede (Kahyangan) Village to Tampak Siring

Accommodation

- Alamdhari Resort & Spa or similar – <http://www.alamdhari.com/>

Special Information

Day 5 – Mt. Batur

Date: 24 Sep 2019

Meal Plan (B/L/-)

Take a morning walk (approximately 2.5 hours) around Sidemen, visiting the craftspeople of the local songket weaving industry. A traditional 'bungkus' lunch is included. The walk is a great chance to take in the beautiful scenery. Continuing your journey higher into the mountains, drive along the crater rim road to a fishing village on the edge of Lake Batur (approximately 2 hours). Volcanic Mt Batur (1,717 metres/5,633 feet) sits inside a stark and spectacular caldera; with Lake Batur below, it's a stunning sight. The lake supports the local fishing industry, while many of the villagers work as guides for the volcano climb. Your accommodation at the base of Mt Batur is a basic hotel with a restaurant. This is a great location to start tomorrow's early morning trek without extra travelling time.

Included Activities

- Sidemen - Guided walking tour & traditional lunch

Accommodation

Hotel Segara or similar – <https://segara-id.book.direct/id-id>

Special Information

There are often mosquitos and bugs around Lake Batur, so be sure to pack your insect repellent. Long pants will be useful today to protect from insects.

Day 6 – Lovina

Date: 25 SEP 2019

Meal Plan (B/-/-)

It's a very early start today – you'll have to wake at 3 am to begin the 1.5 to 2-hour walk to the summit of Mt Batur to reach it before sunrise. Trust us, it's worth the effort. On a clear morning, it's possible to see all the way across the Lombok Strait to the peaks of Lombok's Mt Rinjani. The view of the gorgeous sunrise over the valleys of Bali may well be the most memorable part of your trip. Do keep in mind, however, that the weather can be unpredictable and sometimes the view is obscured by clouds. After descending the volcano, you will also have chance to soak in hot springs with fantastic views over the lake and caldera. Then make the journey from the mountains to the small coastal town of Lovina (approximately 3 hours). Lovina is famous for the dolphins that patrol its coast. It's also a great spot for fine food, traditional massages and yoga.
